

ANUPA DINURANGA

Networking Undergraduate

ABOUT ME

As an IT undergraduate with a strong focus on Cybersecurity, DevOps, Programming, and Infrastructure, I combine technical expertise with exceptional management, coordination, and leadership skills. My passion lies in applying these abilities to drive innovation and contribute positively to society. I am dedicated to leveraging my knowledge to solve complex challenges, promote technological advancements, and make a meaningful impact in the IT industry.

EXPERIENCE

Event Coordinator - J'PuraXtreme 2024 - Present

IEEE Student Branch - University of Sri Jayewardenepura

- Worked as an Event Coordinator for J'PuraXtreme event, where I managed event logistics, coordinated with teams, and ensured smooth execution. I also helped secure sponsorships and communicated with stakeholders to deliver a successful event.

Team Coordinator - ElectroCombat 2024 2024 - Aug

MTSS - Mechatronics Technology Students Society

- Served as a Team Coordinator for ElectroCombat 2024, managing event rounds and coordinating with teams. I also assisted in securing sponsorships and ensured the smooth execution of the event.

Event Coordinator - CyberSphere'24 2024 - Feb

Faculty of Technology - University of Sri Jayewardenepura

- Collaborated with the organizing committee for CyberSphere '24 - Cyber Security Tech Talk. Assisted in planning and coordinating the event, ensuring its successful execution and bringing together cybersecurity experts and enthusiasts

Team Leader - Cypher 2.0 CTF Competition 2024 - May

General Sir John Kotelawala Defence University

- Participated in the Cypher 2.0 CTF competition, organized by the AION x IEEE WIE Student Branch Affinity Group at General Sir John Kotelawala Defence University. Led a team in tackling cybersecurity challenges and contributed to our overall performance in the competition.
